

2023-2024 School Year

Job Title: Agricultural Science Teacher/FFA Advisor (Area 10)

Pay Grade: Pay Scale = daily rate on remainder of days worked (226)

Primary Purpose:

Implement and manage the agricultural science program for the High School Campus. Provide students with appropriate learning activities and experiences designed to help them fulfill their potential for intellectual, emotional, physical, and social growth. Enable students to develop competencies and skills to function successfully in society.

Education/Certification:

Bachelor's degree from accredited university

Valid Texas teaching certificate in agricultural science

Responsibilities, knowledge and skills:

- Experience with leadership teams (LDE) and career development teams (CDE) in both the Fall and Spring semesters with green hand and senior teams with an emphasis on State at the Senior level.
- Promote excellence in scholarship and academics by fielding candidates each year for local scholarships, as well as Texas FFA and National FFA Scholarships.
- Promote personal growth and career success by encouraging students annually to apply for Lone Star and American FFA Degrees, Proficiency awards, and Star awards.
- Assist students with animal projects for local and major shows.
